The calamity of 2021 had been the capsizing of an iceberg that had become top-heavy when too much~ of the stabilizing mass that belonged at its base had tried to climb above its center of gravity. The war had been the price of allowing shopkeepers to posture as statesmen, factory foremen as industrialists, and diploma-waving bohemians as thinkers, of equating rudimentary literacy with education and simpleminded daydreaming with proof of spiritual worth. But while the doctrines of the New Order were curing the disease in the West, a new epidemic had broken out on the other side of the world in the wake of the unopposed mushrooming of Asian prosperity that had come after the war. Mankind as a whole, it seemed, would never learn.. "Classically, you can't go anywhere. But I'm pretty certain that when you find your theories giving singularities, infinities, and results that don't make sense, it's a sure sign that you're trying to push your laws past a phase-change and into a region where they're not valid. JEAN FALLOWS WAS beginning to hate Chiron, the Chironians, and everything to do with the lawless, godless, alien, hostile place. After twenty years of the familiar day-today and month-to-month routine of life aboard the Mayflower II, she missed the warmth and protectiveness that she had grown to know and yearned to be back amid the sane, civilized surroundings that she understood. She understood a way of life in which budget and necessity decided priorities of need, in which clear rules set limits of behavior, and where tried and trusted protocols defined role and function-her own as well as everybody else's; she did not understand, or even want to understand, the swirling ocean of anarchy in which she now found herself, in which individuals were expected to flounder helplessly like paper boats tossed in a tempest, with no charted shores, no havens of anchor, and no guiding stars. She had no place in it, and she desired no place in it. Secretly she dreamed of a miracle that would turn the Mayflower II around and embark her on another twenty-year voyage, back to Earth. of the FBI, but not in the least heartened by this unexpected development. "Ice cream, of course!" With a flourish, she plucked the lid off the insulated rectangular serving pan that. "Say, half an hour?" Colman shook his head. "There shouldn't be any need. Celia's hair is a lot shorter. There'll be fewer people around later. It'll be okay - . . . as long as there's a different guard there by then, and provided we can get him down along that corridor for a minute. It wasn't. "Why? What happens with them?" Bernard asked. Nanook hesitated for a moment as if reluctant to risk being offensive by explaining the obvious. He shrugged. "Well . . . usually somebody ends up shooting them," he replied. "So it never gets to be . . . a real problem." Jay began speaking earnestly and in a low voice. "My father asked me to find you. It's urgent. One of the people the SDs are looking for is at the house. Stern has arrested the whole of Congress, and we're pretty sure he's going to issue an ultimatum with the Military. If they do the Chironians will take out the whole ship. Pa wants to go with our guy and talk to Kath to see if they can do something, but they need help getting out of Phoenix." "Maybe you should try looking at it their way," Colman said. "What makes you imagine that I could?" It wasn't quite the answer that Celia had been prepared for. She frowned for a second, then reached for her glass. "The reaction that it might provoke worries me. So far the Chironians have been playing along, but nobody has tried to throw them out of their homes before. We've already seen examples of how they do not to hesitate to react violently." Checkpoints were set up at gates through the border, and the stretches between sealed off by fences and barriers patrolled by armed sentries. Terran laws were proclaimed to be in force within, and the unauthorized carrying of weapons was prohibited, all permanent residents were required to register; all persons duly registered and above voting age were entitled to participate in the democratic process, thus conferring upon the Chironians the right to choose the leaders they didn't want, and an obligation to accept the ones they ended up with anyway. "It's the master," Bernard said. "He's got overwrite privileges too. I just watched him try it." Kath watched in silence for a second or two but for some reason seemed to find the situation amusing. Bernard stared with a mixture of uncertainty and resentment. "I think I know what's going through your mind," she told him. "But don't worry about it. We don't take orders from Farnhill or Merrick here. Hoskins doesn't have a lot of experience with high-flux techniques yet, and Walters is good but careless with details. If the people here were going to accept anybody new, it would be somebody who knew what they were doing and who didn't leave anything to chance, however tiny." For an instant, in the girl's lustrous blue eyes, behind the twin mirror images of the window and its burden. "Well, it sure doesn't pay any money." Colman turned his head toward Hanlon. "What
