Agnes's big brother by six years, Edom had lived in one of the two apartments above the large detached garage, behind the main house, since he was twenty-five, when he'd left the working world. He was now thirty-six.. "He's a wonderful boy, so very bright, so very full of life. Blindness will be hard, but it won't be the end. He'll cope without the light. It'll be so difficult at first, but this boy ... eventually he'll thrive.". The five tales in this book explore or extend the world established by the first four Earthsea novels. Each is a story in its own right, but they will profit by being read after, not before, the novels.. quiet pool, sweet with the fragrance of jasmine. Under the huge spreading oak. Grass oiled to a glossy green by the. After Agnes read the final words on the final page, Barty was drunk on speculation, chattering about what-might-have-happened-next to these characters that had become his friends. He talked nonstop while changing into his pajamas, while peeing, while brushing his teeth, and Agnes wondered how she would wind him down to sleep.. As he headed toward the door, the detective said, "Don't forget your apple juice. Got to build some strength for the trial.". Over the final refrain of "I'll Be Seeing You" came a man's voice from the foyer, raised quizzically, with perhaps a note of surprise: "Victoria.. By November 1967, the Father Brown detective stories, written for mystery-loving adults by G. K. Chesterton, thrilled Barty. This series of books would retain a special place in his heart for the rest of his life-as would Robert Heinlein's The Star Beast, which was among his Christmas gifts that year.. Maria's hand tamed, the

card turned, and another knave of spades revolved into view, snapped against the table. Earlier in the week, Junior had looked up Thomas Vanadium in the telephone directory. He expected the number to be unlisted, but it was published. What he wanted more than a number was an address, and he found that as well. The detective was driven by this string theory of his, and maybe he also saw visions or even heard voices, like Joan of Arc. Joan of Arc with out beauty or grace, Joan of Arc with a service revolver and the authority to. When Celestina first entered his ICU cubicle, the sight of his face scared her in spite of the surgeon's assurances. Gray, he was, and sunken-cheeked-as though this were the eighteenth century and so many medicinal leeches had been applied to him that too much of his essential substance had been sucked out. With Naomi, sex had been glorious, because they were bonded on multiple levels, all deeper than the mere physical. They had been so close, so emotionally and intellectually entwined, that in making love to her, he'd been making love to himself; and he would never experience a greater intimacy than that. The sole male guest in whom he took an interest-a big interest was Sklent, the one-name painter whose three canvases were the only art on the walls of Junior's apartment. Barty's math and reading skills exceeded those of most eighteen year-olds, but regardless of his brilliance, he was a few days shy of his third birthday. Prodigies were not necessarily as emotionally mature as they were intellectually developed, but Barty listened with sober attention, asked questions, and then sat in silence, staring at the book in his hands, with neither tears nor apparent fear. Greed. So easy, taking money from the rubes. Soon, instead of peeling off a little from each game, he sought bigger kills. Regardless of her other successes or failures as a parent, Agnes intended to make certain that Barty never lacked hope, that meaning and purpose flowed through the boy as constantly as blood. When he pushed Naomi, profit was the motive. He killed Victoria and Vanadium in self-defense. Those three deaths were necessary. "Whatever you're paying here, that's what you'll pay for the new place," Lipscomb said. For just one hour, which was not too taxing, he walked in the idea of a world where he had healthy eyes, and shared the vision of other Barty's in other places, so he would be able to see his bride as she walked down the aisle and as, beside him, she took their vows with him, and as she held out her hand to receive the ring. For her, the suspense that grew throughout dinner didn't have much to do with whether or not Wally would pop the question, because if he didn't broach the subject this time, she intended to take the initiative. Instead, Celestina was more tense about whether or not Wally expected that a heartfelt expression of commitment should be sufficient to induce her to sleep with him. He was still her boy. As always, her boy. Bartholomew. Barty. Her sweetie. Her kiddo. Nevertheless, his sense of violation grew as he paced these now songless rooms, mystified and frustrated. On April 19, the unmanned Surveyor 3, after landing on the lunar surface, began transmitting photos to Earth, and when Junior stepped out of his morning shower, he again heard the eerie singing, which seemed to arise from a place more distant, more alien, than the moon. In spite of its dazzle, the detective's smile was nonetheless melancholy, proof that he was sincere when he said that Seraphim's baby was beyond their reach. He let go of the girl's chin, and at once she scrunched into the corner of the window seat, as far away from him as she could get. The knowing look in her eye wasn't that of an ordinary child, not that of a child at all. Not his imagination, either. Terror, yes, but also defiance, and this knowing expression, as though she could see right through him, knew things about him that she had no way of knowing. The stumpy ghost departed the sliding stairs at the second floor and walked off into women's sportswear. He had already reviewed twenty-four thousand names, finding no Bartholomew, putting red checks beside entries with the initial B instead of a first name. A slip of yellow paper marked his place. Waking from a bad dream, he sometimes thought he heard the ratcheting of gear-wheel feet. The scrape and creak of rusted iron joints. The clink of rake-tine fingers rattling against one another. In spring, summer, and fall, they brightened the grave with the roses that Edom grew in the side yard. In this less rose-friendly season, these Christmas bouquets had been purchased at a flower shop. The mortician and his assistant had nearly finished dismantling the frame of the winch. Soon a worker would close the hole. She cupped his face in both of her hands and was barely able to lift his head, for fear of what she would see. As they dropped toward the surgical floor, the solemn sister said, "Another hypertensive crisis. For the first time since walking to La Jolla to meet Jonas Salk, Paul planned a journey with a specific purpose. She was of two minds about this. She wanted him, wanted to be held and cherished, to satisfy him and to be satisfied. But she was the daughter of a minister: The concept of sin and consequences was perhaps less deeply ingrained in some daughters of bankers or bakers than in a child of a Baptist clergyman. She was an anachronism in this age of easy sex, a virgin by choice, not by lack of opportunity. Although she'd recently read a magazine article containing the claim that even in this era of free love, forty-nine percent of brides were virgins on their wedding day, she didn't believe it and assumed that she'd chanced upon a publication that had fallen through a reality warp between this world and a more prudish one parallel to it. She was no prude, but she wasn't a spendthrift, either, and her honor was a treasure that shouldn't be thoughtlessly thrown away. Honor! She sounded like a maid of old, pining in a castle tower, waiting for her Sir Lancelot. I'm not just a virgin, I'm a freak! But even putting the idea of sin aside for a moment, assuming that maidenly honor was as pass? as bustles, she still preferred to wait, to savor the thought of intimacy, to allow expectation to build, and to start their conjugal life together with no slightest possibility of regret. Nevertheless, she had decided that if he was ready for the commitment that she believed he'd already teetered on the edge of expressing three times, then she would set aside all misgivings in the name of love and would lie down with him, and hold him, and give of herself with all her heart. The traffic light turned green. Now onward home. Rolex recovered and bright upon his wrist, Junior Cain drove his Mercedes with a restraint that required more self-control than he had realized he could tap, even with the guidance of Zedd. Leaving the children under the tree, Tom returned to the house to phone the police. "September 27, 1962. Barcelona, Spain. A flood killed four hundred forty-five people." "Your mother's an artist. Besides, you wouldn't want to put poor Mrs. Orwall out of a job, would you?". to prayer instead, asking for the wisdom to understand why this was happening to her and for the strength to cope with her pain and with her loss. "But I've never seen a case like this. Usually, boils appear on the back of the neck. And in moist areas like the armpits and the groin. Not so often on the face. And never in a quantity like this. Really, I've never seen anything like it." MONEY FOR THE DEAD. The decomposing flesh of a beloved wife and an unborn baby transmuted into a fortune was an achievement that put to shame the alchemists' dreams of turning lead to gold. "You know," Tom said when the second round of drinks arrived, "hard as it is to believe, some places never heard of martinis." In abject misery, Junior lay waiting to go under the knife, more eager to be cut than he would have thought possible only a few hours before. The mere promise of this surgery thrilled him more than all the sex that he'd ever enjoyed between the age of thirteen and the Thursday just past. He turned the knob. The door eased inward, but he pushed it open only a fraction of an inch. Celestina smiled distractedly. Since arriving at the hotel an hour ago, she had been openly debating with herself whether to call her parents in Spruce Hills or to wait until later in the

afternoon, when she might be able to report not just that she had a fiancé, and not only that she had a fiancé who'd been shot and nearly killed, but also that his condition had been upgraded from critical to serious. As she'd explained to Tom, in addition to worrying them with the news about Cain, she'd be stunning them with the announcement that she was going to marry a white man twice her age. "My folks don't have one ounce of prejudice between them, but they sure do have firm ideas about what's appropriate and what's not." This would ring the big bell at the top of the White Family Scale of the Inappropriate. Besides, they were preparing for the funeral of a parishioner, and from personal experience, Celestina knew their day would be full. Nevertheless, at ten minutes past eleven, after picking at her breakfast, she finally decided to call them. She sat on the end of the table, where Barty had sat, now at eye level with the standing physician. In spite of the bravado of the responses in Junior's unspoken half of the conversation, he was increasingly unnerved by Vanadium. The cop was a lunatic, all right, but he was something more than a mere nut case. By habit, she shifted her attention to his eyes, because though the scientific types insist that the eyes themselves are incapable of expression, Agnes knew what every poet knows: To see the condition of the hidden heart, you must look first where scientists will not admit to looking at all. In this case, he was sure that vanity was not a fault, not the result of a swollen ego, but merely healthy self-esteem. That he was irresistible to women wasn't simply his biased opinion, but an observable and undeniable fact, like gravity or the order in which the planets revolved around the sun. "After the quake," Edom said, "forty thousand people took refuge in a two-hundred-acre open area, a military depot. A quake-related fire swept through so fast they were killed standing up, so tightly packed together they died as a solid mass of bodies." First he tore two paper towels from a wall-mounted dispenser and held one in each hand, as makeshift gloves. He was determined to leave no fingerprints. THE MORNING THAT it happened was bright and blue in March, two months after Barty took Angel for a dry walk in wet weather, seven weeks after Celestina married Wally, and five weeks after the happy newlyweds completed their purchase of the Galloway house next door to the Lampion place. Selma Galloway, retired from a professorship years earlier, had subsequently retired further, taking advantage of the equity in her long-owned home to buy a little condo on the beach in nearby Carlsbad. "That's exactly how I hoped he would be." Relieved, he followed Agnes to the living room. "Listen, Aggie, you know, I don't have anything against Jacob, but—" At those cutting-edge galleries where he attended receptions, no one got in without a printed invitation. And even with the authentic paper in hand, you might still be refused entry if you failed to pass the cool test. The criteria of cool were the same as at the current hottest dance clubs, and in fact the bouncers controlling the gate at the finest avant-garde galleries were those who worked the clubs. Having arrived at this same astonishing but nonetheless obvious conclusion, Harrison said, "Someone has to've been hurt." He hurried out of the kitchen, through the dining room, with Paul close behind him. Startled, the pianist turned to face him and backed off a step, as though his personal space had been too deeply invaded. "Oh, well, thank you, that's kind. I love my work, you know, it's so much fun it hardly qualifies as work at all. I've been playing the piano since I was six, and I was never one of those children who whined about having to take lessons. I simply couldn't get enough." "Maybe he's a character I saw in a movie or read in a novel. I'm a member of the Book-of-the-Month Club. I'm always reading one thing or another. I don't remember a character named B-Bartholomew, but maybe I read the book years ago." Backing off, trying to feel his way to the foyer and front door, afraid that if he stumbled over a chair, she'd descend upon him like a screaming hawk upon a mouse, Junior denied her accusation. "You're crazy. How could I know? Look at you! How could I possibly know?" O foolish writer. Now moves. Even in storytime, dreamtime, once-upon-a time, now isn't then. The quarter, silvery. Under the patriot's neck, the date: 1965. Coincidentally, the year that Naomi had been killed. The year that Tom had first met Cain. The year that all this had begun. Paul set the nightstand down but waited, ready to shove the furniture into the stairwell if the swaddled gunman dared return. Sometimes Angel seemed troubled by what she'd been told about her grandfather, and at those moments she appeared downcast, somber. But she was just three, after all, too young to grasp the permanence of death. She would probably not have been surprised if Harrison White had walked through the door in a little while, during The Man from U.N.C.L.E. or The Lucy Show. He did not answer Hound's question. She was lost in his eyes: She wanted to pass through his eyes as Alice had passed through the looking glass, follow the beautiful radiance that was fading now, go with him through the door that had been opened for him and accompany him out of this rain-swept day into grace. Junior locked the door. He started the engine and drove out of the cemetery faster than was prudent on the winding service road. At home again, in the safety of the family, Barty collapsed in exhaustion from the sustained effort to see with eyes that he didn't possess. A bed for ten days, feverish, afflicted with vertigo and migraine headaches, nauseated, he lost eight pounds before his recovery was complete. The thorns had not been stripped from the long stem of the white rose. Vanadium clutched it so tightly that the sharp points punctured his meaty palm. He seemed to be unaware of his wounds. The front door was unlocked. This was no longer one house; it had been converted to an apartment building. "Now this. But even if your dad had cooperated with me, nothing would have changed. Since Phemie never revealed his name, I wouldn't have been able to go after Cain any differently or more effectively." Celestina finally zipped shut the satchel. "You better watch out for the big bad wolf." When she tried to say bow, the how of speech eluded her, and she sat as mute as if no words had ever passed her lips before. Unable to run, he raised his arms defensively, crossing them in front of his face, though the impact of the coins wasn't painful. Volleys flicked off his fingers, palms, and wrists. Thrilled by the music but unable to understand a word of the play, he arranged German lessons with a private tutor. Warily, Junior ventured into the gallery to make inquiries. He expected the staff to express utter bafflement at the name Celestina White, expected the poster to have vanished when he returned to the display window. Allowing one month for the job might be optimistic. On the other hand, he'd had a long time to perfect a strategy. Rescuers encouraged her to move safely away from the passenger's door, as far as possible, to avoid being inadvertently injured as they tried to break in to her. She could go nowhere but to her dead husband. When he killed the Bartholomew, this haunting would finally end, too. In Junior's mind, Vanadium and Bartholomew were inextricably linked, because it was the maniac cop who first heard Junior calling out Bartholomew in his sleep. Did that make sense? Well, it made more sense at some times than at others, but it always made a lot more sense than anything else. To be rid of the dead-but-persistent detective, he must eliminate Bartholomew. Her life was so blessed that she could have dealt with a horde of locusts, let alone a few mosquitoes. Incredibly, Renee came after him, slinky and seductive, trying to calm him and lure him back into an embrace. AFTER SPENDING Wednesday as a tourist, Junior began to look for a suitable apartment on Thursday. In spite of his new wealth, he did not intend to pay hotel-room rates for an extended period. "Soon as Cain is out of sight, we yank up our tricky vending machines, then haul the real ones out of the van and bolt 'em down again. Slick, fast. People are still picking up quarters when we finish. And get this—they want to know where the camera

is." The restaurant wasn't fancy. A coffee shop. Aromatic bacon sizzling, eggs frying. The warm cinnamony smell of fresh pastries, the bracing scent of strong coffee. Clean, bright surroundings..Edom complied, and in the arc of red Bicycle patterns, one card revealed too much white corner, because it was the only one face up..He doubted the Studebaker would ever be found, but successful men were, without exception, those who paid attention to detail..Their story would be that Cain's gun had jammed just as Tom had entered Barty's bedroom. Too cowardly for hand-to-hand combat, the Shamefaced Slayer had fled through the open window. He was loose once more in an unsuspecting world..He had experienced considerable self-revelation during the past eighteen hours, but of all the new qualities he had discovered in himself, Junior was most proud of the realization that he was such a profoundly sensitive person. This was an admirable character trait, but it would also be a useful screen behind which to commit whatever ruthless acts were required in this dangerous new life he'd chosen.."I'm gonna dream about baby chickens," she told Celestina, "and if I'm all yellow, they'll think I'm one of them."..The wedding reception-big, noisy, and joyous-spread across the three properties without fences. His mother's name was so often mentioned, her presence so strongly felt in all the lives that she had touched, that sometimes it seemed that she was actually there with them..His daughter, his affliction, his millstone, granddaughter of the boil-giving voodoo BaptistAfter Victoria had departed, Junior lay smiling at the ceiling, floating on Valium and desire. And vanity.
