She removed a temporary cap from the second bicuspid on the lower left side and replaced it with the porcelain cap that had been delivered by the lab that morning. Although the small tin-and-plastic harmonica was more toy than genuine instrument, the boy blew and siphoned surprisingly complex music from it. As far as Apes could tell, he never hit a sour tone. After two years of rehabilitation, Tom had been pronounced as fit as ever, a miracle of modem medicine and willpower. But right now he seemed to have been put back together with spit and string and Scotch tape. Arms pumping, legs stretching, he felt every one of those eight months of coma in his withered-and-rebuilt muscles, in his calcium depleted-and-rebuilt bones. Now Barty peered

at the card, smacked his lips, smiled, and said, "Ga." With a flatulent squawk of the butt trumpet, he soiled his diaper. To Edom, humanity was obviously not the greater of these two destructive forces. Men and women were part of nature, not above it, and their evil was, therefore, just one more example of nature's malignant intent. They had stopped debating this issue years ago, however, neither man conceding any credibility to the other's dogma. Most likely, Reverend White's ramblings were as greasy with sentiment and oily with irrational optimism as were his daughter's paintings, so Junior was in no hurry to learn the name of the radio program or to write for a transcript of the sermon. Jell-O were served to Agnes Lampion as, on farms farther inland from the coast, roosters still crowed and plump hens clucked contentedly atop their early layings. sky grew sullen in the early twilight, and the city once more arrayed itself in the red gesso and gold leaf that had indirectly illuminated Celestina's apartment ceiling the previous night. Naked, dripping, he roamed the apartment. As on the night of December 13, the voice seemed to arise from thin air: ahead of him, then behind him, to the right, but now to the left. Evidently, her face was knotted with the effort to remember what the child had looked like, for the physician said, "Yes? What's wrong?" "Tom, Wally, I'm sorry for the brusque introductions," Agnes Lampion apologized. "We'll have plenty of getting-to-know-each other time over dinner. But the people in this room have been waiting an entire week to hear from you, Tom. We can't wait a moment longer." This didn't work for Junior. Strangely, when he focused on a mental image of any fruit-apple, peach, banana-his thoughts drifted to sex. He became aroused and had no hope of clearing his mind. He intended to mash the sole of Victoria's right shoe in the pat of butter and leave a long smear on the floor, as though she slipped on it and fell toward the ovens. the hilly streets of the city, ignoring all traffic lights and stop signs, pegging the speedometer needle at its highest mark, as though he might eventually be air-cooled by sufficient speed. He wanted to slam through unwary pedestrians, crack their bones, and send them tumbling. Unsupervised meditation without seed, in sessions longer than an hour, entails risk. To his horror, Junior would discover some of the dangers in September. Startled, Nolly checked his shirt pocket and withdrew a quarter. "It's not the same one." As he said cards, the magician turned a knowing look toward Edom, eliciting from him a responding frown of puzzlement. Clearly, the musician recognized him, which seemed unlikely, even extraordinary, considering that they'd never spoken to each other, and considering that Junior must be only one of thousands of customers who had passed through that lounge in the past three years. To Dr. Parkhurst, Vanadium said, "In my work, I see lots of people who've just lost loved ones. None of them has ever puked like Vesuvius." Maria's face gathered into a frown, like a piece of brown cloth cinched by a series of whipstitches. "Six lessons." a scene out of a movie about Robin Hood: a battle with cudgels on a slippery log bridge over a river. "Yes. I ... I'm still soaked with sweat." If he had cut himself intentionally for the express purpose of writing the name in blood, then the reservoir of anger was deeper still and pent up behind a formidable dam of obsession. A dumpster and a dead musician had humbled him as thoroughly as he had ever been humbled before, as completely as violent nervous emesis and volcanic diarrhea had humbled him, and he had no tolerance for being humbled. Humility is for losers. The mound of earth beside the grave had been disguised by piles of flowers and cut ferns. The suspended casket was skirted with black material to conceal the yawning grave beneath it. On the nightstand stood a stainless-steel carafe beaded with condensation. Maria took the cap off the water carafe, and with a longhandled spoon, she scooped out a chip of ice. Cupping her left hand. Kathleen Klerkle, Mrs. Wulfstan, sitting on the edge of Nolly's desk, looked diagonally across it at the visitor in the client's chair. Actually, Nolly had two chairs for clients. Kathleen could have sat in the second; however, this seemed to be a more appropriate pose for a hawkshaw's dame. Not that she was trying to look cheap; she was thinking Myrna Loy as Nora Charles in *The Thin Man*-worldly but elegant, tough but amused. "Just now." Although Angel tried to sound nonchalant, she was trembling. "I'm not sure I can do it again." In a monotone that gave new meaning to deadpan, the detective added: "I'm the only one who was there who doesn't have a dry-cleaning bill." The papermaker withdrew a thick wad of hundred-dollar bills from his envelope and, squinting, inspected the currency in the flickering light. "I'm leaving now, but you wait until movie's over." Her life was so blessed that she could have dealt with a horde of locusts, let alone a few mosquitoes. "Now you don't have to worry," Angel said, "about what happens to him if ever you're gone, Aunt Aggie. If he can do this, he can do anything, and you can rest easy." PZ7.L5215 Tal 2001 [Fic]-dc21 2001016554. He could recall clearly when he had known that he would marry her: during his first year of college, when he'd returned home for the Christmas break. Away at school, he had missed her every day, and the moment that he saw her again, an abiding tension left him, and he felt at peace for the first time in months. On the other hand, killing a stranger like Bartholomew Prosser relieved stress better than sex did. Senseless murder was as relaxing to him as meditation without seed, and probably less dangerous. In his mind, he carried a blueprint of the house more precisely drawn than anything that might have been prepared by an architect. He knew the place to the inch, and he adjusted his pace and all his mental calculations every month to compensate for his steady growth. So many paces from here to there. Every turn and every peculiarity of the floor plan committed indelibly to memory. A journey like this was a complicated mathematical problem, but being a math prodigy, he moved through his home almost as easily as when he had enjoyed sight. Calcimine moonlight cast an arctic illusion over the boneyard. The grass was as eerily silver as snow at night, and gravestones tilted like pressure ridges of ice in a fractured wasteland. They had not come to Junior yesterday in their grief, if in fact they had thought to grieve. Tom received a fierce hug, too, and a sisterly kiss, and he was grateful for them. He had been a loner for too long, as a hunter of men pretty much had to be when on a long hard road of recuperation and then on a mission of vengeance, even if he called it a mission of justice. During the few days he'd spent guarding Celestina and Grace and Angel in the city, and subsequently during the week with Wally, Tom had felt that he was part of a family, even if it was just a family of friends, and he had been surprised to realize how much he needed that feeling. The diminutive mortician spoke a few comforting words instead of commenting on the dental history of the deceased, and when he put a consoling hand on Jacob's shoulder, Jacob cringed from his touch. From the corn soup to the baked ham to the plum pudding, he did not speak of his dry walk in wet weather. The traffic light turned green. Now onward home. Rolex recovered and bright upon his wrist, Junior Cain drove his Mercedes with a restraint that required more self-control than he had realized he could tap, even with the guidance of Zedd. Of course, you've never seen anything like it, you worthless adolescent twit. You're not old enough to have seen squat, and even if you were older than your own grandfather, you wouldn't have seen anything like this, Dr Kildare, because this here is a true case of voodoo Baptist boils, and they don't come along often! He was no longer hopeful that they could have a future together. After sampling the Junior Cain thrill machine, Celestina would want more, as women always did, but the time for a meaningful romance had now passed. For all the anguish he'd been put through, however, he deserved the consolation of her sweet body at least once. A little compensation. Payback. Agnes held a smile as best she could, determined that her son's final glimpse of

her face would not leave him with a memory of her despair..Simon Magusson, lacking family, had left his estate to Tom. This came as a surprise. The sum was so considerable that even though Tom was on a dispensation from his vows, which included his vow of property, he was uncomfortable with his fortune. His comfort was quickly restored by contributing the entire inheritance to Pie Lady Services. They had been brought together by two extraordinary children, by the conviction that Barty and Angel were part of some design of enormous consequence. But more often than not, God weaves patterns that become perceptible to us only over long periods of time, if at all. After the past three eventful years, there were now no weekly miracles, no signs in the earth or sky, no revelations from burning bushes or from more mundane forms of communication. Neither Barty nor Angel revealed any new astonishing talents, and in fact they were as ordinary as any two young prodigies can be, except that he was blind and she served as his eyes upon the world..But first, in early July, he stopped taking French lessons. It was an impossible language. Difficult to pronounce. Ridiculous sentence constructions. Anyway, none of the good-looking women he met spoke French or cared whether he did..Heedless of the rules of standard police procedure, Tom raced to the doorway, crossed the threshold, and saw Barty throw a can of soda at the shaved head and pocked face of a transformed Enoch Cain..Edom, eager to learn precisely when a tidal wave or falling asteroid would bring his doom, fetched a pack of cards from a cabinet in the parlor. When Maria explained that only every third card was read and that a full look at the future required four decks, Edom returned to the parlor to scare up three more..Hound smiled. "They haven't undone what you did yet, either," he said. "Old Whiteface was crawling all over her yesterday, growling and muttering. Ordered the helm replaced." He meant Losen's chief mage, a pale man from the North named Gelluk, who was much feared in Havnor..To celebrate, Junior went to a gallery and purchased the second piece of art in his collection. Not sculpture this time: a painting..against the operating table. The lights had grown painfully bright, and the air had.."I'm really not sad, Mom. I'm not. I don't like it this way, being blind. It's ... hard." His small voice, musical as are the voices of most children, touching in its innocence, spun a fragile thread of melody in the dark, and seemed too sweet to be speaking of these bitter things. "Real hard. But being sad won't help. Being sad won't make me see again..".In recounting the fortune-telling session, Agnes had not told the magician about the four jacks of spades, only about the aces of diamonds and hearts. She never wore her worries for anyone to see; and though she had made a joke of the appearance of the fourth knave on Friday, Edom knew that it had deeply troubled her..Rising from the chair and approaching the bed, the detective kept turning the quarter without hesitation. "She was a very sweet girl. Very romantic. Her diary's full of rhapsodies about married life, about you. She thought you were the finest man she'd ever known and the perfect husband..".Junior was less surprised by his sudden assault on Victoria than by the failure of the bottle to break. He was, after all, a new man since his decision on the fire tower, a man of action, who did what was necessary. But the bottle was glass, and he swung forcefully, hard enough that it smacked her forehead with a sound like a mallet cracking against a croquet ball, hard enough to put her out in an instant, maybe even hard enough to kill her, yet the Merlot remained ready to drink.."You must've slipped this one in my pocket when you first came in here," Nolly deduced..Junior worried that he might not locate the correct Dumpster among the many. Yet he didn't switch on the flashlight, suspecting that he would be better able to find his way if the conditions of darkness and fog were exactly as they had been earlier. In fact, this proved to be the case, and he instantly recognized the hulking Dumpster when he came upon it..might be grumpy and would certainly be torpid, bleary-eyed, and uncommunicative. Angel awake was always fully awake, soaking up color texture-mood, marveling in the baroque detail of Creation, and generally lending support to the apperception--test prediction that she might be an art prodigy..Here, now, came the anaconda smile. "Did you argue about the baby, Enoch? Maybe she wanted it, and you didn't. Guy like you--a baby would cramp your style. Too much responsibility..".Twice during dinner, he seemed to draw near The Subject, but then he circled around it and flew off, each time to report some news of little relevance or to recount something funny that Angel had said.."I'm paying," Celestina insisted when they were seated. "I'm now a successful artist, with untold numbers of critics just waiting to savage me..".If the policeman's gray eyes had earlier been as hard as nailheads, they were now points, and behind them was willpower strong enough to drive spikes through stone..She sat on the end of the table, where Barty had sat, now at eye level with the standing physician..Because of her occasional bad dreams, Angel chose to sleep now and then in her mother's bed instead of in her own room, and this was one of those nights..He considered himself to be a thoroughly useless man, taking up space in a world to which he contributed nothing, but he did have a talent for baking. He could take any recipe, even one from a world-class pastry chef, and improve upon it..pride, his one great shining moment but also his sinful pride. Clubbed with the trophy first, fists later. And now, here..Joey was not illuminated by the light of this world. Agnes realized that he was translucent, his skin like fine milk glass through which shone a light from elsewhere..Among Junior's many gifts, his ability to focus might have been the most important. Bob Chicane, his former instructor in matters meditative, had called him intense and even obsessive, following the painful incident involving meditation without seed, but intensity and obsession were false charges. Junior was simply focused
